

WANTED WEED WARRIORS!

Have you seen this plant growing in your yard?

Is it taking over?

Is it a menace to your garden and landscaping?

Become a weed warrior, not a weed worrier!

Learn how to safely control weeds that are taking over your yard.
Learn the difference between invasive plants and welcome native plants.

The Lebanon Township Environmental Commission, in partnership with the South Branch Watershed Association is offering a workshop on May 5, 2007 to begin your training. This free workshop will cover controlling invasive plants in your yard and will help you improve your landscape maintenance. The workshop will be led by Michael Van Clef of NJ Ecological Solutions. Michael is a leading expert on invasive plant species and their control.

DATE: SATURDAY, 5 MAY 2007
